Staple handling
The tacker works with fine wire staples and flat wire staples up to 14 mm length and nails up to 16 mm length.

Staple inspection window
The open staple channel shows how many staples are left in the magazine.

Long nozzle
The tacker‘s narrow and long nozzle also permits precision stapling at poorly accessible places.

Impact adjustment
Guarantees the right impact power for every job, no matter whether you‘re fastening into hard or soft wood.

Tigger catch
Tacker is only ready for use after pushing back the trigger catch.
